Another item I forgot to mentioned during our weekly:

John C, Jackie and Lilly spoke with Barbara Lopez from Supervisor Jane Kim. She is mostly concerned about Treasure Island. They shared our info about HP and refer her to DTSC for Treasure Island. She was satisfied with the call.

Dear Ms. Escobar-Millacci and Ms. Lopez:

Lily Lee is out of the office on leave today. After calling your office just now, I understand you are out all day Wednesday. Lily is available to talk with you regarding Hunters Point on Thursday most of the day if this is convenient for you. Please let us know a convenient time on your Calendar. Just in case, Lily is also available on Wednesday from 8:30-9am and from 3:30-5:30 as well. Again, her direct number (415) 947-4187.

In the meantime, I wanted to send a copy of the Navy's latest fact sheet explaining progress on the radiological investigation at the Hunters Point and community outreach conducted to date. I hope this information is helpful as well.

Thank You, Jackie Lane

Hello Lily and Jackie,

My name is Virginia Escobar-Millacci. I am from Supervisor Jane Kim's office. Supervisor Kim oversees District 6 in San Francisco, including Treasure Island and Bayview. I called you both today at about 2pm and left voice messages to discuss Tetra Tech's radiation clean-up in Treasure Island and Bayview Hunters Point. I was told by the reception that both of you manage various aspects of Region 9 and that you two would be the best people to contact. If there is another person to contact, please let me know, so I may call them. I have cc'd Bobbi Lopez, the legislative director overseeing Treasure Island and Bayview Hunters Point.

Best Regards,

Virginia Escobar-Millacci
